# SD SMART WALLET

## Advantages of Decentralized Wallet

Decentralized Wallet means that you are in complete control of your account. Here, no one else is able to control your account in any way. So you are responsible for your own wallet balance. In simple words, as long as your "private key" is safe, your account balance will also be safe. If you lose your wallet's "private key" in any way, you will lose your balance forever. Because there is no way to get it back or recover it.

To avoid the above problems, you must store your wallet's "private key" safely and in multiple places.

## ABOUT SD FINANCE

Sd finance is a leading provider of online foreign exchange (FX) trading, CFD trading, spread betting and related services. Founded in 2020, the company's mission is to provide global traders with access to the world's largest and most liquid market by offering innovative trading tools, hiring excellent trading educators, meeting strict financial standards and striving for the best online trading experience in the market. Clients have the advantage of mobile trading, one-click order execution and trading from real-time charts. In addition, sd finance offers educational courses on FX trading and provides trading tools, proprietary data and premium resources. Sd finance Pro provides retail brokers, small hedge funds and emerging market banks access to wholesale execution and liquidity, while providing high and medium frequency funds access to prime brokerage services via sd finance Prime.

# ABUT FOREX

Forex, or foreign exchange, is the global market for trading currencies and converting one currency into another. It's the world's largest and most liquid market, with trillions of dollars traded every day. Here are some things to know about forex:

## How it works

- Forex is traded in pairs, meaning you buy one currency while selling another. The price of each currency is determined by the forex market, which is decentralized and global.

## How it's used

- Forex is used to settle cross-currency payments, hedge currency risk, and speculate on currency price changes.

## How it's traded

- Forex is traded by a global network of banks, unlike stocks, which are traded on exchanges like the New York Stock Exchange.

## How currencies are valued

- The value of a currency rises and falls based on supply and demand. Some countries peg their currency to another currency, while others float their currencies freely.

## How currency movements are measured

- A pip is a unit used to measure movement in a forex pair. A pip is usually a one-digit movement in the fourth decimal place of a currency pair.

## Volatility

- The amount of currency converted every day can make price movements of some currencies extremely volatile.

# MARKET OF SD FINANCE

## VISION OF SD FINANCE

Sd finance is committed to pioneering the future of proprietary trading by fostering a culture of innovation, collaboration, and excellence. Our vision is to redefine the standards of success in the financial markets, empowering traders with cutting-edge technology, comprehensive resources, and unparalleled support to maximize their potential and achieve sustainable profitability. Through strategic partnerships, relentless dedication to risk management, and a relentless pursuit of trading mastery, sd finance aims to be the premier destination for aspiring and seasoned traders alike, driving positive change in the industry and delivering exceptional returns for our stakeholders.

## MISSION OF SD FINANCE

Our mission is to provide professional grade trading to the online Forex trader in global, without complicated account structures and catches. We are an ECN Forex broker focusing heavily on a fast execution experience and low cost trading. We welcome all trading styles and apply a \$25 USD minimum account size.

Hello everyone,  
I'm John Deford, CEO of sd finance, and it's a privilege to speak with you today. At sd finance, our mission is clear: to make finance simple, accessible, and empowering for everyone.

In a fast-changing world, we remain committed to innovation, integrity, and putting our clients first. Whether it's through cutting-edge solutions or personalized service, we strive to help our customers achieve their financial goals with confidence.

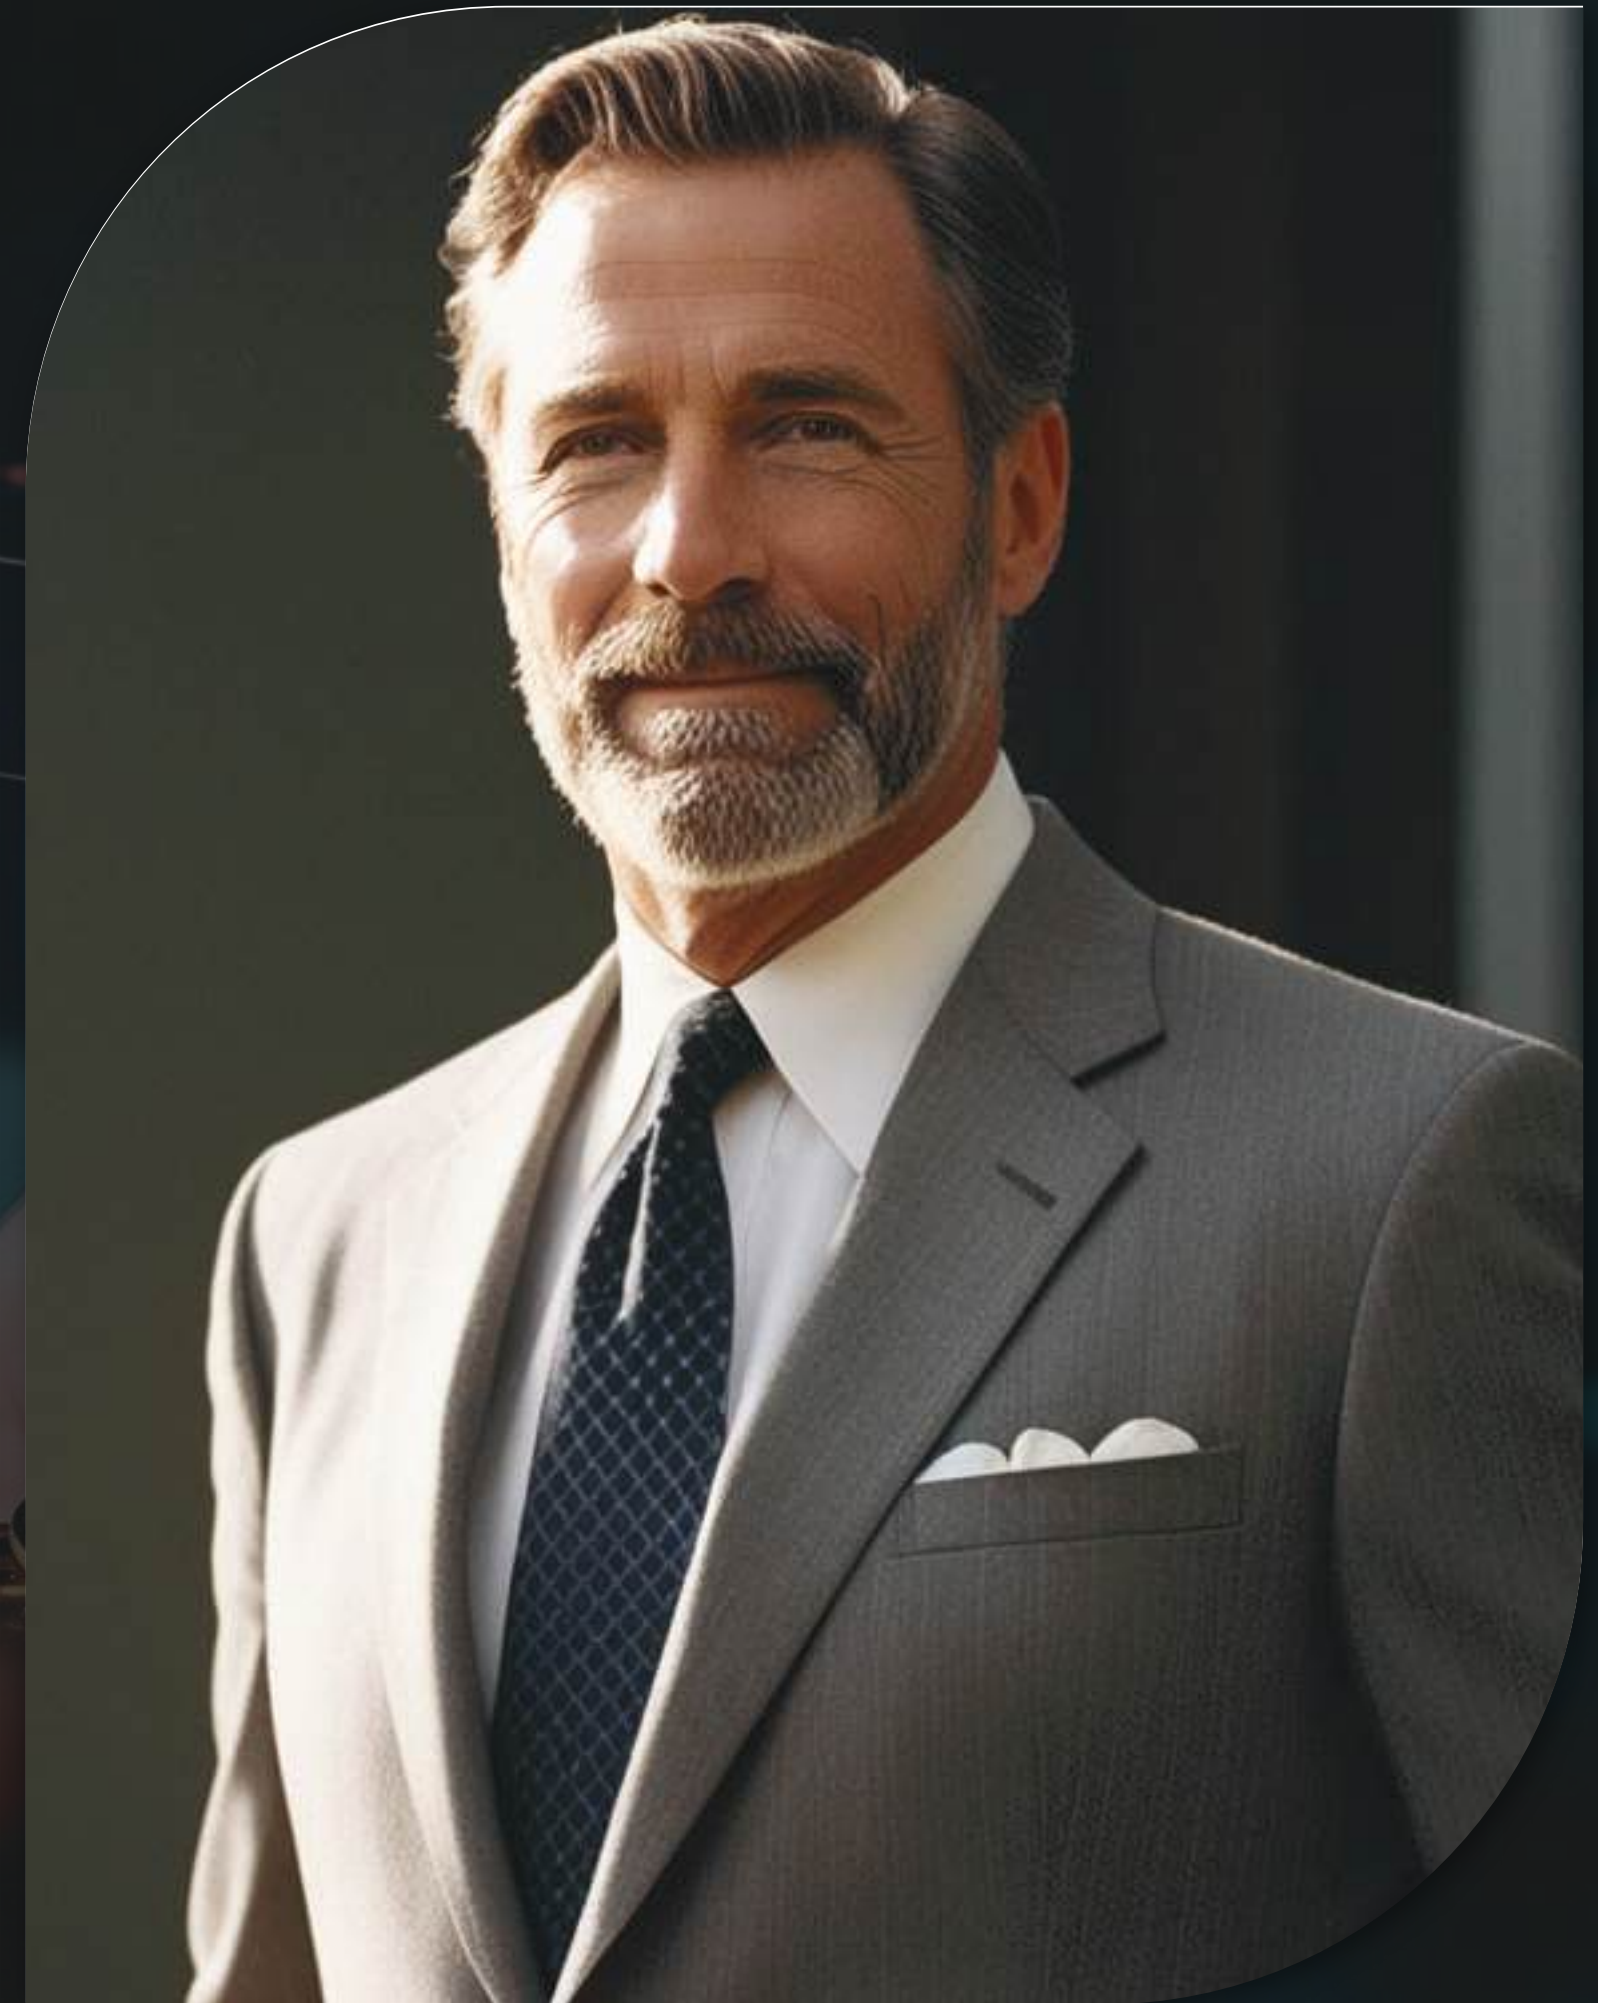

I want to express my gratitude to our dedicated team, our clients, and our partners for making this journey possible. Together, we're shaping the future of finance—one step, one solution, one success at a time.

Thank you, and let's keep moving forward!

Hello everyone,  
I'm Cali Brandon, Marketing Executive at sd finance, and I'm thrilled to speak with you today. At sd finance, we understand that in the world of finance, trust and connection are everything. That's where marketing plays a vital role—we bridge the gap between our innovative solutions and the people who need them most. Our goal is simple: to tell the story of how sd finance empowers individuals and businesses to achieve their financial goals. Through clear communication, creative campaigns, and meaningful engagement, we're building relationships that last. I want to thank our incredible team for their support and dedication. Together, we're not just marketing finance—we're marketing trust, growth, and opportunity. Let's keep pushing boundaries and delivering excellence. Thank you!

YOUR TRUSTED PARTNER IN SMART FINANCE

Thanks  
For  
Your Valuable Time!!!
